

Jesuit Values

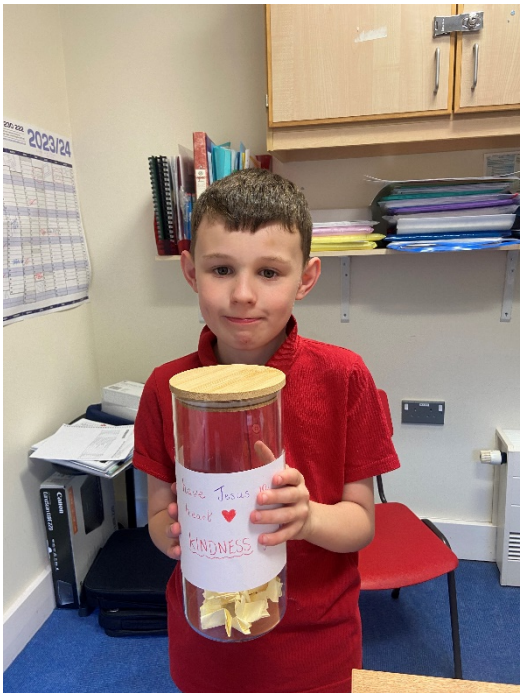

Term 3: Learned and Wise

Year 4 have been learned by finding God in all things. We have been wise in the ways we use our learning for the common good. For example, we did a litter pick on the school grounds. We have been wise by creating posters to raise awareness of pollution in our oceans.

Term 2: Compassion and Loving

In Year 4 we are compassionate and loving. When we are compassionate and loving, we make a note of it and pop it into a kindness jar to remind us that we all have Jesus in our hearts. At the end of the year, they will be read out to show how much love and compassion there is within our class.
